Board of Directors
California Public Finance Authority
Hanford, California

Dear Board of Directors:

We have audited the financial statements of California Public Finance Authority (the "Authority") for the year ended June 30, 2018, and have issued our report thereon dated December 5, 2018. Professional standards require that we provide you with the following information related to our audit:

Our Responsibility Under Auditing Standards Generally Accepted in the United States

As stated in our engagement letter dated June 11, 2018, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States (GAAP). Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the internal control of the Authority. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Other Information in Documents Containing Audited Financial Statements

The auditor's responsibility for other information in documents containing audited financial statements does not extend beyond the financial information identified in our report, and we have no obligation to perform any procedures to corroborate other information contained in a document. Our responsibility is to read the other information and consider whether such information, or the manner of its presentation, is materially inconsistent with information, or the manner of its presentation, appearing in the financial statements. We have read Management's Discussion and Analysis and have found no material inconsistencies with the information appearing in the audited financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our discussions about planning matters, in addition to our engagement letter dated June 11, 2018, accepted by Mr. Richard Valle.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Authority are described in Note 1 to the financial statements. The application of existing accounting policies were not changed during the year.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of revenue recognition methodologies for each revenue stream in Note 1.
- The disclosure of related party transactions and significant contracts in Note 4.
- The disclosure of net position restrictions in Note 5.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

We proposed no audit adjustments that could, in our judgement, either individually or in the aggregate, have a significant effect on the Authority's financial reporting process.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

December 5, 2018

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 5, 2018, a copy of which accompanies this letter.

Management Consultations With Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. To our knowledge, management has not obtained any opinions from other independent accountants on the application of accounting principles generally accepted in the United States which would affect the Authority's financial statements or on the type of opinion which may be rendered on the financial statements.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Authority's auditors for the preceding year. However, these discussions occurred in the normal course of our professional relationship and our responses were not, in our judgment, a condition of our retention.

We appreciate the opportunity to be of service to the Authority.

This communication is intended solely for the information and use of the Board of Directors and, if appropriate, management and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

A handwritten signature in black ink that reads "Wipfli LLP". The signature is written in a cursive, flowing style.

Report on the Financial Statements

We have audited the accompanying financial statements of California Public Finance Authority, which comprise the statements of net position as of June 30, 2018 and 2017, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of California Public Finance Authority as of June 30, 2018 and 2017, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States.

Other Matter - Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis on page 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis (Unaudited) June 30, 2018 and 2017

As management of the California Public Finance Authority ("CalPFA" or the "Authority"), we offer readers of the financial statements this narrative overview and analysis of the financial activities of the Authority for the years ended June 30, 2018 and 2017.

CalPFA is a political subdivision of the State of California established under the Joint Exercise of Powers Act for the purpose of issuing tax-exempt and taxable conduit bonds for public and private entities throughout California. CalPFA was created by Kings County and the Housing Authority of Kings County, California in May 2015.

The Authority's financings consist of conduit finance issuer transactions. Conduit debt obligations issued through CalPFA are those of the governments, nonprofit organizations, and private companies who are the borrower when the Authority issues conduit bonds under its own governmental status in the tax-exempt and taxable municipal finance marketplace.

CalPFA was established by local governments, for local governments, to provide a means to efficiently and reliably finance projects on behalf of local governments in California. CalPFA is empowered to promote economic, cultural, and community development opportunities that create temporary and permanent jobs, affordable housing, community infrastructure, and improve the overall quality of life in local communities.

Although cities, counties, and special districts are able to issue their own debt obligations or serve as a conduit issuer of private activity bonds that promote economic development and provide critical community services, many local agencies find stand-alone financing too costly or lack the necessary resources or experience to facilitate the bond issuance and perform post-issuance activities for the term of the bonds.

Financial Highlights

For the years ended June 30, 2018 and 2017, the Authority issued a total of 16 conduit revenue bonds totaling \$596 million and 13 conduit revenue bonds totaling \$346 million, respectively. As of June 30, 2018 and 2017, the total amount of CalPFA conduit debt obligations outstanding issued on behalf of program participants totaled \$1.1 billion and \$528 million.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to CalPFA's financial statements. The financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

Analysis of the Financial Statements

The statement of net position provides information about the nature and amount of investment in resources (assets) and the obligations (liabilities) of the Authority, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

Table 1
Condensed Statement of Net Position

Net position:

Unrestricted	53,000	999
Total net position	\$ 413,082	\$ 176,628

Assets reported by CalPFA at June 30, 2018 and 2017, consist of cash and cash equivalents received from bond issuance and bond administration fee payments, borrower deposits, deposits held for housing projects submitted to the California Debt Limit Advisory Commission ("CDLAC"), bond administration fees receivable, and restricted cash held in reserve accounts to be used to pay specific expenses of the Authority. Current liabilities are comprised of amounts payable to the Authority's program administrator, GPM Municipal Advisors, LLC (the "Program Administrator"), per the provisions of the Master Services Agreement (Note 4), in reimbursement of costs incurred by the Program Administrator on the Authority's behalf and the annual municipal advisor fee, amounts payable to legal counsel for formation and initial organization related work and unearned revenue related to pending bond issues and deposits held for CDLAC. At June 30, 2018 and 2017, total payables to the Program Administrator were \$116,101 and \$29,858, and total unearned revenue was \$68,180 and \$50,847.

The statement of revenues, expenses and changes in net position show how the Authority's net position changed during the years ended June 30, 2018 and 2017 and accounts for all of the period's revenues and expenses.

Table 2
Condensed Statement of Revenues, Expenses, and Changes in Net Position

Years ended June 30, 2018 and 2017	2018	2017
Total revenues	\$ 755,751	\$ 492,747

Interest income	5,552	1,103

Beginning net position	176,628	15,552
Ending net position	\$ 413,082	\$ 176,628

Revenues are comprised of bond issuance and bond administration fees earned by the Authority. Issuance fees are amounts charged to borrowers by CalPFA to issue conduit revenue bonds. The Authority contracts program management services from the Program Administrator. The Authority invoices the borrower in advance for bond issuance fees for conduit issuance services and then places the payment on deposit in trust with nationally-recognized banking institutions. Once the bonds are issued, the trustee distributes payments for services directly to the Program Administrator and the Authority's sponsors, and the deposits become revenue.

Bond Administration fees are amounts assessed by the Authority for the performance of ongoing administration and compliance work to help keep long-term bond issues in good standing. Bond administration fees are generally paid semi-annually in arrears by the borrower and are remitted into a trust account with a nationally-recognized bank. For the year ended June 30, 2018 and 2017, the amount of administration fees earned was \$181,261 and \$64,007.

The Authority's operating expenses are comprised of sponsor fees and professional service fees.

The statement of cash flows provides information about the Authority's cash receipts, cash payments, and net changes in cash resulting from operating, noncapital financing, capital and related financing, and investing activities.

Currently Known Facts and Economic Factors

The Authority expects revenues to grow in fiscal year 2019 as it leverages its years of experience in tax-exempt private activity and municipal finance to benefit local communities. The local economy has remained strong and California's population continues to grow. This growth, coupled with historically low interest rates put the Authority in a position to achieve growth in the upcoming year.

Note 1: Summary of Significant Accounting Policies

Nature of Organization

California Public Finance Authority ("CalPFA" or the "Authority") is a political subdivision of the State of California established under the Joint Exercise of Powers Act. CalPFA is empowered to promote economic, cultural and community development opportunities through the issuance of tax-exempt and taxable bonds for public and private entities throughout California. CalPFA was created by Kings County, California and the Kings County Housing Authority.

CalPFA was established by local governments, for local governments, to provide a means to efficiently and reliably finance projects on behalf of local governments in California. CalPFA provides local governments and eligible private entities access to low-cost, tax-exempt and other financing for projects that contribute to social and economic growth and improve the overall quality of life in communities throughout the state.

CalPFA's governing board (the "Board") is comprised of elected Supervisors of Kings County. The Board determines all of CalPFA's financing policies and procedures which includes a review and approval process for each proposed financing.

Conduit debt obligations issued through the Authority are those of the governments, non-profit organizations, and private companies who use the Authority's own governmental status to access the tax-exempt and taxable municipal finance marketplace. Once a borrower uses the Authority to issue debt, financial servicing of that debt falls to a trustee, or potentially to the investor itself in certain private placements. The Authority maintains no ongoing interest in bonds issued through its conduit and no debt servicing responsibility.

Basis of Accounting

The financial statements of the Authority are prepared in accordance with generally accepted accounting principles as applied to an enterprise fund of a governmental unit on the accrual basis.

Use of Estimates

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates and are subject to change in the near term.

Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments, which are readily convertible to cash and have remaining maturities of three months or less at the date of acquisition.

Restricted Cash and Net Assets

Restricted cash and net assets represent net assets set aside for CalPFA or program manager purposes as required by the Authority's Services Agreement (see Note 4). Such funds may be disbursed for only the purposes specified in the Services Agreement. If disbursed for CalPFA purposes, authorization of the Board is required, and if disbursed for Program Manager purposes, the consent of all management service providers is required.

Certain restricted cash and cash equivalents consist of deposits received from applicants for housing projects submitted to the California Debt Limit Allocation Committee (CDLAC). Deposits are returned to the applicant or remitted to CDLAC based upon CDLAC instructions to the Authority.

Revenue Recognition

The Authority receives revenue from various fees. Bond issuance fees are received from bond proceeds and are recognized as revenue upon issuance of the bond. Administrative fees are invoiced to bond issuers monthly or semiannually in arrears, and recognized as revenue and receivables as earned.

CalPFA borrower fees consisted of the following for the year ended June 30, 2018:

Bond Program	Issuance Fee (up to \$20 million in bonding)	Issuance Fee (over \$20 million in bonding)	Annual Administration Fee

** Annual administration fee for affordable housing bonds assessed against outstanding bond principal on interest payment date. Minimum fee for each affordable housing project is \$5,000 (a \$1,000 annual compliance monitoring fee will replace the existing annual administration fee throughout the CDLAC compliance period after the qualified project period has expired).

***501(c)(3) nonprofit healthcare financing issuance fee will be capped at \$100,000 per issuance and the annual administration fee capped at \$150,000 per issuance.

Revenue Recognition (Continued)

All bond-financed projects located within Kings County, California will receive a 25% discount from the standard fees stated above.

CalPFA shares a portion of its annual administrative fee with public agencies under its Community Benefit Reserve Fund as indicated in Note 4.

Income Taxes

The Authority is a public entity that is exempt from federal and state taxation.

Subsequent Events

The Authority has evaluated subsequent events through December 5, 2018, which is the date the financial statements were available to be issued.

Note 2: Deposits and Investments

California Government Code Section 53601 (the Code) permits the Authority to invest available cash balances in various investments, as outlined by the Code. The Authority maintains its cash and equivalents in a money market account with a financial institution.

Custodial credit risk - Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of June 30, 2018 and 2017, the Authority's bank balances exceeding custodial limits were exposed to custodial credit risk.

Note 3: Conduit Debt

Conduit debt refers to certain limited-obligation revenue bonds and notes issued by CalPFA for the express purpose of providing capital financing for a specific third party. Although the conduit debt obligations bear the name of CalPFA, CalPFA has no obligation for such debt beyond the resources provided by financing loans with third parties on whose behalf they were issued. Accordingly, the bonds and notes are not reported as liabilities in the Authority's basic financial statements. There were no conduit bonds authorized but unsold at June 30, 2018 and 2017. Conduit debt activity for the years ended June 30, 2018 and 2017, are summarized as follows:

Balance at June 30, 2016	\$ 182,900,000
New issuances	345,553,000
Principal repayments	(386,365)
<hr/>	
Balance at June 30, 2017	528,066,635
New issuances	595,745,000
Principal repayments	(240,135)
<hr/>	
Balance at June 30, 2018	\$ 1,123,571,500

At June 30, 2018, there were \$527,300,000 in bonds pending but not issued.

Note 4: Related-Party Transactions/Significant Contracts

CalPFA has entered into a Services Agreement with GPM Municipal Advisors, LLC and certain affiliates (collectively "GPM") for advisory, consulting, and project management services related to CalPFA's finance programs, including post-issuance management and compliance oversight. Acting as CalPFA's staff, GPM personnel implement the issuance policies established by the Board, present transactions to the Board for review and approval, and work with the financial and legal community, local agencies and regulatory bodies, and others, to ensure that bonds issued in CalPFA's name remain in good standing. The Services Agreement expires July 6, 2025, with the option for up to three successive five year renewal periods.

Under the Services Agreement as amended, CalPFA incurred service fees to GPM of \$475,320 and \$298,747 for the years ended June 30, 2018 and 2017. At June 30, 2018 and 2017, \$104,620 and \$5,446 was payable to GPM for such services.

Under the Services Agreement as amended, CalPFA incurred consulting fees to GPM of \$10,000 for the years ended June 30, 2018 and 2017. At June 30, 2018 and 2017, \$30,000 and \$20,000 was payable to GPM for such services.

The Services Agreement provides that when there are insufficient funds in the CalPFA's reserves to pay necessary operating costs, any such costs paid by GPM on behalf of CalPFA shall be repaid at such time as the reserves are sufficiently funded. During a previous year, GPM paid \$9,858 of costs on behalf of CalPFA, which is due to GPM and outstanding as of June 30, 2018 and 2017.

Note 4: Related-Party Transactions/Significant Contracts (Continued)

In addition, the Services Agreement calls for the establishment of the following reserve funds:

Reserve Fund ("RF") - A custody account owned by the Authority and maintained by GPM for the benefit of the Authority with a financial institution acceptable to the Authority for the purpose of payment by GPM on behalf of the Authority of legal, legislative representation, accounting, consulting, professional, and other service fees incurred by GPM in connection with any Authority programs or otherwise in connection with the Service Agreement, subject to authorization by the Authority. The RF receives 5% of issuance and administrative fees.

Community Benefit Reserve Fund ("CBRF") - A custody account owned by the Authority and maintained by GPM for the benefit of the Authority with a financial institution acceptable to the Authority for the purpose of payment by GPM of fees to public agencies. The CBRF receives 10% (affordable housing, industrial development, and other facilities) or 15% (501(c)(3) non profit) of annual administrative fees collected. The CBRF is designed to offset the cost of public services to any Authority program over the life of the financing.

Note 5: Restricted Position

According to the Services Agreement, GPM is directed to deposit 5% of bond issuance and administration fees into the RF (see Note 4). At June 30, 2018 and 2017, \$(55,457) and \$(45,639), of net position are restricted for this purpose. When the balance in the RF reaches \$250,000, deposits into the fund will be suspended until such time as the balance falls below \$200,000.

According to the Services Agreement, the Authority retains a portion of the issuance fees and administration fees received. These funds are reserved for use as directed by the CalPFA Board of Directors for the benefit of the Kings County community. Funds reserved for these purposes as of June 30, 2018 and 2017 are \$410,150 and \$212,807.

Additionally, GPM is directed to deposit a portion of bond administration fees into the CBRF (see Note 4). These funds are paid out to the Authority members who held required TEFRA meetings for the Authority in the process of issuing the conduit bonds. The funds are paid out annually, 45 days after fiscal year end. At June 30, 2018 and 2017, \$5,389 and \$8,461 of net position are restricted for this purpose.

Certain restricted cash and cash equivalents consist of deposits received from applicants for housing projects submitted to the California Debt Limit Allocation Committee (CDLAC). Deposits are returned to the applicant or remitted to CDLAC based upon CDLAC instructions to the Authority. Funds reserved for these purposes have no impact on net position.

A reclassification was made between restricted net position and unrestricted net position in the amount of \$53,608 as of June 30, 2017.
